LYNCHBURG.

THE STRAIGHTOUT REPUBLICANS-JOHN S.

to nominate a candidate for Congress from this district meets here to-day. Every county in the district will be represented,

and a nomination surely made. Republican of this district has received a letter from General Grant, in which the latter says he is urging the appointment of Colonel John S. Mosby to the judgeship of the Western District of Virginia in opposi-tion to any candidate that Mahone may bring forward.

Ex-Senator Robert E. Withers is in the city in attendance on the sessions of the Masonic grand bodies. Hon. George R. Atkinson, Grand High Priest of the Grand Chapter, and William B. Isaacs, Esq., Grand Secretary, and Grand-Commander

Peyton S. Coles are here.
Mr. Henry Hiden, assistant agent at the Virginia Midland depôt here, is confined to his bed by reason of the injury to his

ankle sustained in leaping over a counter.

The slate quarries in Amherst county are being extensively worked under the im-mediate direction of ex-Postmaster John F. Wilson, who is president of the cou-pany. He was in the city to-day, and re-ports that the greatest difficulty with which the company has to contend is the searcity

conversion into a free bridge; but owing to some hitch in the law the county has go to submit the question of ratification to a vote of the people, so that it will be several

A FUGITIVE FROM JUSTICE, THE SON OF A WEALTHY MONTGOMERY-COUNTY FARMER, IS AURESTED FOR MURDER-THE HISTORY OF

Some time during the year 1872 David Hall, the son of a wealthy farmer of Montgomery county, murdered Charles Bowyer, no discount the law and suppress houses of following circumstances: There had been all gambing that I would do it offers a protracted dispersion between the Rowyes and Hall's father, by which the latter understand the meaning of words and short words. By degrees the child is made to recover the entire property of the former. An action of undawful details, the part is not prompted by Hall to recover possession. When the sheriff undertook is not partially the property of the disposeses them he was met with stubborn resistance, but finally succeeded. The buff and you was then brought by Hall to recover possession. When the sheriff undertook is secsion. When the sheriff undertook is not partial that the not of the sheriff undertook. The disposeses them he was met with stubborn resistance, but finally succeeded. The buff and you was the brought to dispose them he was met with stubborn resistance, but finally succeeded. The buff and you was the brought to dispose them he was met with stubborn resistance, but finally succeeded. The buff and you was the property of the law of the partial to the partial parti a citizen of the same county, under the following circumstances: There had been meet the others at Auburn. When I came within sight of the cabin Dave Ha

Floyd Courthouse, and being caught in the act, was shortly thereaffer lodged in fail. The reberiff of that county, looking upon him as a suspicious character, wrote to Deputy-sheriff E. A. Crush, of Montgomery, describing the horse that Hall had in his possession. A man living on Thomas B. Hall's farm overheard Mr. Crush reading the tester as the not farm overheard Mr. Crush reading was the letter, and immediately recognized the letter and offer to the Severetery of the Navy, who offer to the Severetery of the letter and offer to the Severetery of the letter and offer to the Severetery of the letter and offer to the Severetery of the letters and offer to the severetery of the second of the institution as a suspicious character, wrote to degree of neutieness. Makeling, N. C., August 9.—A. M. Scales was to day renominated at Greensbory by the Democratic Convention on the letter of drawing and sketching. Quite a number of the bodies to this country. They called attention to the unsatisfactory they generally have great talent for drawing and sketching. Quite a number of the bodies are remarkable degree of acutieness. Ralleng, N. C., August 9.—The Royal Irish and the Democratic Convention on the letter of drawing and sketching. Quite a number of the bodies and the others because was

agents of the new Southern Telegraph Company were in the city engaging men to Company were in the city engaging men to watch the poles of the company on the Washington road to prevent them from being cut down. About twenty men were secured, and a portion of them were dispatched immediately to the threatened poles. It is said that this action was made necessary on the part of the telegraph company by a letter from the Alexandria and Fredericksburg Railroad authorities ing in perfectly air-tight receptacles, where company by a letter from the Alexandria and Fredericksburg Railroad authorities claiming that the poles were being erected on their property, and that if those already in position were not removed they would be cut down. To prevent the destruction of the poles the Southern Company employed the men to watch them, with instructions to resist any attempt to injure the property of the company. These means that the process of the property of the company. These means that the process of their bearing in perfectly air-tight receptacles, where mo moisture could be evolved to aid the thawing process; and they must, of course, remain in this frozen state for an indefinite period. The proposition to take the bodies property of the company. These means the affected, by reason of their bearing in perfectly air-tight receptacles, where mo moisture could be evolved to aid the thawing process; and they must, of course, remain in this frozen state for an indefinite period. The proposition to take the bodies period to remain the proposition to take the bodies period to remain in this frozen state for an indefinite period. The proposition to take the bodies period to remain in this frozen state for an indefinite period. The proposition to take the bodies period to remain in this frozen state for an indefinite period. The proposition to take the bodies period to remain in this frozen state for an indefinite period. The proposition to take the bodies period to remain the proposition to take the bodies period to remain in this frozen state for an indefinite period to remain in this frozen state for an indefinite period to remain in this frozen state for an indefinite period. The proposition to take the bodies period to remain in this frozen state for an indefinite period to remain in this frozen state for an indefinite period to remain in this frozen state for an indefinite period to remain in this frozen state for an indefinite period to remain in this frozen state for an indefinite period to remain in this frozen state for an inde the property of the company. These mea-sures created the impression that there was sures created the impression that there was to be war, and when it was reported on the streets this morning that a courier had come to the city last night for more most favorable circumstances has proven most favorable circumstances has proven the late Pear to be affective as in the agency of President I in the authorities, both on shore and affect, have continued to be of the most favorable circumstances has proven half-masted colors on board the late Pear to be affective as in the agency of President I in the authorities, both on shore and affect have continued to be of the most favorable circumstances has proven half-masted colors on board the late Pear to be affected affect the authorities, both on shore and affect have continued to be of the most favorable circumstances has proven half-masted colors on board the late Pear to be affected affect the authorities, both on shore and affect have continued to be of the most favorable circumstances has proven half-masted colors on board the late Pear to be affected affect. come to the city list night for more men it was confidently asserted that an engagement had taken place, and that several parties had been injured. One party declared that the South-company well-known of the result in President Carfield's case, and the proper suggest that the South-company well-known of the result in President Carfield's case, and the result in President Carfield's case, and the south-company well-known of the result in President Carfield's case, and the south-company well-known of the result in President Carfield's case, and the south-company well-known of the result in President Carfield's case, and the south-company well-known of the result in President Carfield's case, and the south-company well-known of the result in President Carfield's case, and the south-company well-known of the result in President Linineffective, as in the case of President Linineffecti One party declared that the Southern forces, among them many well-known Alexandrians, had been surprised while sitting on the road under umbrellas smokitting on the road unde try, while others stated that the telegraphmen had attacked the railroad-men for the
purpose of ascertaining their true strength,
and, finding the railroad-men were in the
majority, had retired with great precision,
majority, had retired with great precision,

Raid on Lotteries in New York.

MENT-TEN ARRESTS BY THE PINKERTONS. District-Attorney McKeen on Tuesday made a flank movement on the alleged lot-tery dealers in this city and succeeded in arresting ten of their number. For a month past Mr. McKeon and his assistant,

the procured. This resulted in one of them—Samuel B. Deal—making affidavits implicating forty persons who were charged with violating the lottery law. Recorder implicating forty persons who were charged with violating the lottery law. Recorder Smyth issued the warrants and Pinkerton and his men executed them to a certain extent. Mr. Pinkerton detailed thirty-two special detectives to aid him in his work. He had received information that at half-past 12 P. M. every day telegrams from Kentucky via Cincinnati were received at 12 P. the Western Union office in this city, and that these dispatches were at once sent to certain printing-offices, where they were "set up" and the slips forwarded to the several sub-agencies in this and adjoining cities. In this city alone there are said to be over forty small policy-hops doing business in connection with the Kentneky lottery. The hour mentioned was that which Mr. Pinkerton appointed for making a de-

seent upon the premises. ATTACK WITH A BATTERING RAM. he head office of the Kentucky State the company has to contend is the of skilled labor. Several Welshmen have arrived here from New York and left for the printing-offices at No. 35 Vesey street and at the corner of Houston street and at the corner of Houston street and at the corner of Houston divided his Mr. Michael Sexton, yardmaster at the Mr. Michael Sexton, yardmaster at the Bowery. Mr. Pinkerton divided his Virginia Midlaud road, who was badly injured in the accident near Shanersville Saturday morning, is improving. Saturday morning, is improving.

The City Council has ratified the purchase of the tell-bridge connecting Amherst with Lynchlurg with a view to its the headquarters in the Bowery. The doors were barricaded, and a number of people were inside. Upon admittance people were inside. Upon admittance being refused, Mr. Pinkerton demolished the door with a heavy sledge-hammer. The persons found within for whom he had warrants he arrested, and the rest were months before the bridge can be opened to the public.

BEALMONT.

After Ten Years

Will be several warrants in arrested, and the gathered allowed to go their way. Then he gathered up all the portable property of the place, which consisted of money, lottery-slips, stamps and books, and a whole truck-load

of other things.
WHY THE POLICE WERE IGNORED. When asked why he did not have re-course to the Police Department to execute his warrants, Mr. McKeon said: "Well, as far back as February I notified a leading police official that if the department did not execute the law and suppress houses of ill-fame and gambling that I would do it and imitates the elementary sounds and requirement.

pany, of New York, wrote to President is well known that whenever one sense act, was shortly thereafter lodged in jail.

The theriff of that county, looking upon lim as a sense limit as a sense of the sense of the
